MULTIPLY YOUR PASSION

## 1. General Description

---

The Free Pool (Polla Gratis) is a completely free horse racing pool available on Lígalo Online.

- Ticket cost is \$0 — no charge is made to the user's balance.
- The prize is fixed, set by platform administration for each race day.
- The scoring system is identical to Super Polla: points awarded by finishing position.
- Only one (1) ticket per user is allowed in each active Free Pool.

## 2. How to Participate

---

- Navigate to the Pools section in the horse racing betting window.
- Select the available Free Pool for the active race day.
- Choose one horse per race included in the pool.
- Confirm your participation. No balance is required — the ticket is completely free.
- Once submitted, the ticket is registered and cannot be modified or cancelled.

## 3. Scoring System

---

The Free Pool uses the same scoring system as the Super Polla:

- 1st place: 5 points — if your selected horse wins the race.
- 2nd place: 2 points — if your selected horse finishes second.
- 3rd place: 1 point — if your selected horse finishes third.
- Other result: 0 points — if the horse does not finish in the top three.

Points are accumulated across all races configured in the pool.

## 4. Prize and Settlement

---

- The Free Pool prize is always fixed. It does not depend on the number of participants or the amount collected.
- The exact prize amount is displayed at the time of participation and is set by the administration.
- The winner is the participant with the highest accumulated points after all included races are completed.

In case of a tie:

- If two or more participants finish with the same top score, the fixed prize is split equally among them.
- Example: if the prize is \$10 USD and there are 2 tied winners, each receives \$5 USD.

## 5. Participation Limit

---

- Each user may only have one (1) active ticket per Free Pool.
- If a user attempts to create a second ticket, the system will reject the request with the message: "You already have an active Free Pool ticket."
- This restriction applies per race day and per configured pool.

## 6. Bot Participation

---

- To ensure a competitive environment, the platform includes automated participants (bots) in the Free Pool.
- Up to 24 bots are assigned per Free Pool, distributed in 3 waves of 8 bots each.
- Bots select horses automatically following different strategies (favorites, mid-range, and longshots).
- Bots compete under the same scoring rules as real users.

## 7. Scratched Horses

---

- If a selected horse is scratched before the race, points for that race are recorded as 0 for that ticket.
- Selections cannot be changed after the ticket has been submitted.

## 8. Currency and Payments

---

- The Free Pool does not require any monetary transaction to participate.
- The prize is credited in US dollars (USD) as the base currency.
- If the user has a different preferred currency (VES, COP, DOP, EUR), the prize will be displayed converted at the exchange rate in effect at the time of settlement.
- The Free Pool does not generate Ligalo Points (LP) or contribute to the Loyalty Program, as it does not involve monetary investment.

## 9. General and Important Rules

---

- Amounts are managed in US dollars (USD) as the base currency. Multiple currencies are accepted (VES, COP, DOP, EUR) with automatic conversion.
- Multiple accounts are not permitted. The platform reserves the right to cancel suspicious entries.
- Persons under 18 years of age are not authorized to participate.
- Lígalo Online reserves the right to modify these rules at any time. Changes will be communicated to users.
