1. General Description

Redoblona is a parlay bet where you must pick the winner of 2 to 10 consecutive races within the same unified American racing day. It is a variant of Parlay Win that bundles all USA/International races of the day into a single card.

2. How to Bet

- Open the "Redoblona" module from the Horse Racing menu.
- You will see the consolidated card with ALL races of the day from American/International tracks.
- Select between 2 and 10 winning horses (one per race, across different races).
- Enter your bet amount.
- Review the combined total odds and confirm.

3. Tracks and Races

- Only applies to "American" category tracks (USA + international venues such as Woodbine, Kempton, Meydan).
- The card is automatically generated at 8:00 AM (Venezuela time) each day.
- It includes every race scheduled for that calendar day.
- Each race closes for Redoblona 2 minutes before its own post time.
- Latin American races do NOT participate in Redoblona.

4. Bet Rules

- Minimum 2 legs, maximum 10 legs.
- Each leg must come from a DIFFERENT race.
- Combining two horses from the same race in the same Redoblona is not allowed.
- The odds for each leg are LOCKED at the time of purchase (Morning Line price converted to decimal).
- ALL legs must win for the ticket to pay out.
- If a horse is scratched before its race, that leg automatically becomes a PUSH (odds 1.00) — the rest of the parlay remains live.
- If an entire race is cancelled, that leg becomes a PUSH.
- If ALL legs become PUSH, the bet is refunded.

5. Payouts and Dividends

Payout = Stake × Combined Total Odds

- Total Odds = decimal product of all locked odds.
- Maximum combined odds (cap): 1,000.00.
- If one or more legs are PUSH, the effective odds are recalculated excluding those legs (replaced with 1.00).
- Example: a \$10 stake on 4 legs at $2.5 \times 1.8 \times 3.0 \times 2.2 =$ odds 29.70 → payout \$297.
- Winnings are automatically credited to the USD balance.

6. Betting and Payout Limits

- Minimum stake: \$0.10 USD.
- Maximum stake per ticket: \$50.00 USD.
- Maximum payout per ticket: \$5,000.00 USD.
- If the calculated payout exceeds the cap, the maximum cap is paid.

7. Multi-Currency

- USD is the internal base currency.
- Accepted: VES (Bolívares), COP (Colombian Pesos), DOP (Dominican Pesos), EUR (Euros).
- The exchange rate is locked at the moment the bet is placed.

8. Loyalty Program (Ligalo Points)

- Each USD wagered on Redoblona earns 2.0 LP + 6% rebate in LP.
- The rebate is multiplied by your VIP tier (Bronze $\times 1.0$, Silver $\times 1.1$, Gold $\times 1.25$, Platinum $\times 1.5$, Diamond $\times 2.0$).
- LP accrue on both wins and losses.
